ATTENTION

Christmas Safety Tips:

• Unplug light string before replacing a bulb. Review the original package to verify proper wattage and voltage.
• Never use electric lights on a metallic tree, use colored spot lights.
• Make sure trees hung with X-mas lights are not touching power lines.
• If a real tree is used ensure that the tree always has water.
• After parties, check around and under sofa and chair cushions for smoldering cigarettes. (Provide lots of ash trays)
• Install at least one carbon monoxide detector in your home.
• Have an operable fire extinguisher readily available.
• Ensure that Smoke Detector is working properly.
• Use only outdoor lights outside your home.
• Examine light strings each year, discard worn ones.
• Fasten the bulbs securely and point the sockets down to avoid moisture build up.
• Connect no more than three strands together.
• Never use indoor extension cords outside.
• Avoid overloading wall outlets and extension cords.
• Keep outdoor electrical connectors above ground and out of puddles and snow.
• DO NOT USE CANDLES ON OR AROUND CHRISTMAS TREES
